Term 1 Issue 3

*Keep up to date with the latest school news through our social media pages.*

## From the Principal:

As we enter the final throes of Term 1, I would like to acknowledge the hard work of staff, students and parents this year. I have been very fortunate to meet, face to face, and to see first-hand, the care and advocacy for the young people in our care. It is heartening to be a part of a community who, to person, has high aspirations for the young people of today – our leaders of tomorrow.

Leaders become leaders through action, reflection and experience. It is true for adults as much as it is true for young people, and experiences that shape us can be both positive and negative. What we have seen, of late, is a spike in a very small number of young people using social media in a way which seeks to cause harm to another person. This is not a choice which is acceptable to our values at Muswellbrook High School. The harm caused to another through social media is not like a visible wound or a physical injury, it runs much deeper and is unseen. And often affects a large number of people. As a result of the impact of the shared experience of social media use by some we are currently undertaking a review of our Mobile Devices Guidelines as well as our Discrimination, Harassment and Vilification Guidelines. Consultation with students, staff and community will take place early next term to ensure the maximum input to the solutions to these matters and that the solutions are owned together.

I believe that it takes a village to raise a child, and that just as importantly, their voice is heard in that conversation. I am looking forward to engaging with a range of students, led by our student school leaders, in Week 1 of Term 2 in regards to the strengths and areas of improvement they feel we can make as a school. Always insightful and articulate, experience tells me that students know exactly what works for them and what the barriers are to their learning and achievement. Our job will be to listen to those voices and identify the barriers we can remove to ensure they each thrive in our wonderful school. I look forward to reporting to you the findings of this exercise.

I would like to wish you all a safe Easter and I look forward to working with you again in Term 2.

# Behaviour code for students

## NSW public schools

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

### In NSW public schools students are expected to:

- Respect other students, their teachers and school staff and community members
- Follow school and class rules and follow the directions of their teachers
- Strive for the highest standards in learning
- Respect all members of the school community and show courtesy to all students, teachers and community members
- Resolve conflict respectfully, calmly and fairly
- Comply with the school's uniform policy or dress code
- Attend school every day (unless legally excused)
- Respect all property
- Not be violent or bring weapons, illegal drugs, alcohol or tobacco into our schools
- Not bully, harass, intimidate or discriminate against anyone in our schools

Schools take strong action in response to behaviour that is detrimental to self or others or to the achievement of high quality teaching and learning.

### Behaviour Code for Students: Actions

Promoting the learning, wellbeing and safety of all students in NSW Public Schools is a high priority for the Department of Education.

We implement teaching and learning approaches to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

### Respect

- Treat one another with dignity
- Speak and behave courteously
- Cooperate with others
- Develop positive and respectful relationships and think about the effect on relationships before acting
- Value the interests, ability and culture of others
- Dress appropriately by complying with the school uniform or dress code
- Take care with property

### Safety

- Model and follow departmental, school and/or class codes of behaviour and conduct
- Negotiate and resolve conflict with empathy
- Take personal responsibility for behaviour and actions
- Care for self and others
- Avoid dangerous behaviour and encourage others to avoid dangerous behaviour

### Engagement

- Attend school every day (unless legally excused)
- Arrive at school and class on time
- Be prepared for every lesson
- Actively participate in learning
- Aspire and strive to achieve the highest standards of learning

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments. The department provides a policy framework and resources such as Legal Issues Bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context the NSW Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.

# SRC Report

## SRC Report - April 2021 Newsletter

SRC ran an out of uniform day on Wednesday in Week 10 to raise funds for Cystic Fibrosis. Thank you to all who supported the out of uniform day and our guessing competition. Could I please remind families that clothing on out of uniform days must be appropriate if we want to be able to get permission for more out of uniform days in the future. This means no midriff tops and shorts and skirts need to be an appropriate length.

## ANZAC DAY 25th April 2021

The ANZAC march is going ahead in Muswellbrook in a Covid safe manner. SRC and all students are invited to take part and represent the school in the march in Muswellbrook. Students are to be in full school uniform and meet from 9am in Market Street (Simpson Park). The march starts at 10am and will cover a shortened route to Olympic Park where the service will take place. This will allow for Covid safe check in on arrival. Organisers have let us know there will be minimal parking available at Olympic Park on the day due to areas required for veteran transports and safe access for marchers. We hope to see as many students as possible taking part in the commemoration.

## NATIONAL STUDENT LEADERSHIP SUMMIT- Report by Will and Imogen

On Thursday the 4th of March, our Year 11 leadership team, accompanied by leaders from Scone High, Scone Grammar, Merriwa High, and St Joseph's left Muswellbrook to travel to Adelaide, for the National Student Leadership Summit, at St Peters College in South Australia. The summit was an enriching experience through which we met many intelligent and inspiring people whom we have learnt from in order to improve our own leadership skills. Meeting other leaders from all across the country gave interesting perspectives on how we can improve Muswellbrook High School, so stay tuned for that.

For the remainder of the 4 days, we were set free across Adelaide to participate in a number of teambuilding and leadership activities which all culminated in us gaining valuable skills and Harry losing his phone.

We did a scavenger hunt all across the city, met Steve Smith at Adelaide Oval, saw the fringe festival, caught the tram to Glenelg, hung out at the beach, and met Wang Wang the panda at Adelaide Zoo.

## Year 7 SRC Representative 2021

We had our new Year 7 SRC representatives inducted at our last full school assembly. Congratulations Tyson, Lilly, Maddison and John on becoming members of the SRC and also Taj from Year 8 who was absent when the other years were inducted at the end of last year.

Thank you for your support of the SRC and student voice within the school.

*Mrs Farrell and the SRC.*

# Upper Hunter Show 2021

Our Support students recently entered some of their Art they have been working on during class in the Upper Hunter Show. Some students received awards and prizes for their entries. The students represented Muswellbrook High School so well and were praised by representatives at the Show. Congratulations to all our Support students, in particular to Haylie Brown, who won champion for her greeting card.

---

On Friday the 19th of March 2021, Muswellbrook High School students took part in the School Cattle Day at the Upper Hunter Show. The students have been working very hard in the lead up to the show during sport time as well as afternoons at the school farm, working on the skills of the cattle as well as learning how to lead and prepare cattle for competition. All students participated in Junior Judging and cattle Parading at the show to the best of their ability. There were many smiles and a definite increase in confidence for all students. On top of the fun and great experiences had by everyone, we also came home with:

- 2<sup>nd</sup> place middle weight steer
- Highly commended middle weight steer
- 2<sup>nd</sup> place 6 - 16 Month Heifer
- Highly commended 6 - 16month Heifer
- 1st in the fancy dress class with Crush being led by Angus Williams, Brydee Melick and Olivia Pittman

This show has given us some great experiences and taught us a lot, with some valuable feedback from the judges. We are looking forward to our next show, the Upper Hunter Beef Bonanza, at Scone, later this year.

## PREMIERS SPORTING CHALLENGE

In term 2, Muswellbrook High School students in years 7, 8ProBL, PASS and SLR will be participating in the NSW premiers Sporting 10-week Challenge. In this, students will participate in physical activity inside and outside of school and log their hours. Students can track their hours electronically on the PSC app for smart phones. The purpose of this challenge is to encourage students to participate in sport and physical activity to lead a healthy lifestyle. Alongside the students, some staff members across the school will also be taking part in the challenge. The Premiers Sporting Challenge is an excellent opportunity to enhance your physical activity levels and demonstrate your commitment to living

an active lifestyle. At Muswellbrook High School we want to encourage all students to get in and have a go at being physically active for 60 minutes a day, whether that be walking, training, bike riding or playing with friends and family. We want to have more students, more active, more often!! Physical activity is valued for its physical, social and emotional benefits. It also helps young people to develop communication skills, confidence and resilience. We would like to invite families to support us in encouraging students' healthy use of leisure time and to experience the joy of being active together.

Hollie Collison- PSC Coordinator

## **NEW SPORTS EQUIPMENT ALERT!**

The school was lucky enough at the end of 2020 and Term 1 this year to secure funding from the Sporting Schools Grants.

Sporting Schools is a \$280 million Australian Government initiative designed to help schools increase children's participation in sport and connect them with community sport

opportunities that help Aussie children get active. We are thrilled with this funding that has allowed us to purchase lots of new equipment that students have had opportunities to enjoy, including but not limited to-

- Gymnastics Mat and Ribbons
- Gym Equipment- Ski Erg Machine, Assault Bike, Box jumps
- Scooter Boards
- Basketball and League Tag
- Volleyball Equipment

We hope to have plenty of pictures to share later on in the year of students enjoying the equipment and getting active and involved!
